

# DWA\_03.5 Knowledge Check\_DWA3.2

---

1. User story(ies) in Gherkin syntax for the "+" button.

Feature: Add Quantity to Product

As a user

I want to add a specific quantity to a product

So that I can purchase multiple items

Scenario: User adds quantity to a product

Given I am on the product page

And the product quantity is set to 1

When I enter a quantity of 5 in the quantity field

And I click the "+" button

Then the product quantity increases by 5

---

2. User story(ies) in Gherkin syntax for the "-" button.

Feature: Remove Quantity from Product

As a user

I want to remove a specific quantity from a product

So that I can decrease the number of items

Scenario: User removes quantity from a product

Given I am on the product page

And the product quantity is set to 5

When I enter a quantity of 3 in the quantity field

And I click the "-" button

Then the product quantity decreases by 3
